The Rutgers United Nations Alumni Interest Group was chartered in September 2012. The group’s mission is to disseminate information about the activities of the UN; to advance the mission of the UN through international involvement and local activism; to encourage participants to think about their role in an interdependent world; to promote networking within the UN; and to develop strong ties between Rutgers University and the UN. The group meets monthly during the academic year. Light dinner is provided. RSVP is required. Contact Maryella Hannum at mhannum@gaiacenters.rutgers.edu.
